

## Advanced Hazardous Waste Shipper Certification Training

### Course Description

This course is designed to provide participants with a detailed understanding of 49 CFR specific to the safe transportation of hazardous wastes (not including radioactive materials). This training utilizes a systematic approach that provides a logical flow to a hazardous waste shipment. Study Guide scenarios are used throughout the course so participants can practice for the examination. This ensures that all necessary steps are completed to ship a hazardous waste in full compliance with Department of Transportation and Environmental Protection Agency regulations.

### Materials Provided

Each participant receives a current edition of 49 CFR, excerpts from 40 CFR, student manual, course exercises, and other classroom materials.

### Examination

Successful completion is achieved with a passing score of 80% or better on a written exam.

### Record Keeping

Successful participants receive a certification stating that the training meets the requirements of 49 CFR 172, Subpart H.

### Who Should Attend?

Employees required to certify that Hazardous Waste Shipments are in compliance with 49 CFR and EPA requirements.
